

What else should we focus on with ESSER III funds?

Most responses include mental health/student focus, followed by staff salary support

Mental, behavioral, autism support

Mental health support and staff training

mental health

Mental health awareness

mental health

Student mental health and well being.

Parent classes

Parent education

Family intervention

Updated technology

Ensuring all facilities are in possession of proper working equipment to allow for a fluid work day. i.e. printers/copiers, etc

Supplies

Focus on

student

success

medical expenses

Teacher training to assist them in ways to increase student retention and to efficiently meet TEKS requirements.

Continuing education training support for educators.

After school tutoring if needed

Supplies for classroom use that are sanitizable such as plastic toys, plastic puzzles, plastic supply bins, etc.

Classroom expansion

Maintaining classrooms/offices.

Short term and long term intervention plans to effectively address educational interruptions in the school setting.

Tutorials

Tutorial needs, such as workbooks all subjects all grades. Occasional means to do classroom projects.

Learning games for elementary

Support materials/interventions for those with continued learning gaps that were further impacted by Covid-19

Staff allowance for their own class room/student needs

Teacher salaries

salary support for smaller class sizes

Pay increases or teacher bonuses

Cost of living salary increase, continue comprehensive support for staff, personnel, and student population.

Additional staff to assist with the teachers' extra duties

When you get comfort right, your students learn better, your staff enjoys their job more, and Ops can focus on other important tasks.

What you see fit

That's it

none
